

Grade and Year Comparison Chart for Main Team Organization's Olympiads

For STEM, NEO Science, CODING, German Math Olympiads, and Hi-Lingua Language Competition (organized by Main Team Organization), you can determine the required grade level during registration by referring to the tables below, based on your country's education system or your school's education model.

The 'Age' column is provided as a reference according to the average ages in international education systems. If you cannot find your current grade level in the example country tables, please use the age column to decide.
